# LOKESH RAI

## STUDENT

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY  
KOTTAYAM

## EDUCATION

### Intermediate

92.2% aggregate marks from CBSE board.

### High School

9.6 CGPA aggregate marks form CBSE board.

## INTRESTS IN INTERNSHIPS

### Software Development

I have a keen interest in Software Development and I would love to do an Internship in the same.

### Software Testing and Machine Learning

After software development, this is the field in which I would love to do internship.

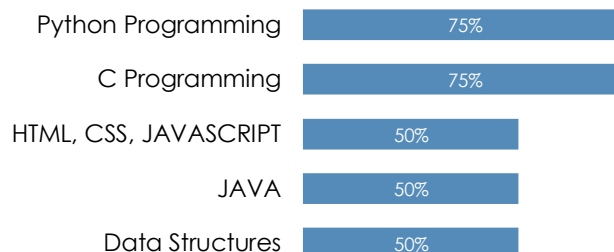

### Network Engineering and Programming

Programming is that one field where every Computer Science student is fascinated about, and Networking is one that concept that makes him curious about the subject, I am also one that curious student that wants to enhance his knowledge about the subject.
